

Compressors

Belt Driven Portable

ARIA PORTABLE

A powerful range of the single-phase compressors that can be run off a 230 volt, 13 amp electrical supply. Ideal for the contractor who wants to move from site to site.

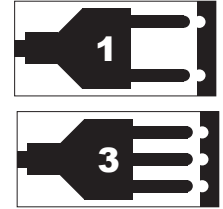

- All pumps are fitted with cast iron cylinder liners
- Hardened steel crankshafts
- Full-sized aluminium pistons with two compression rings and one oil scraper ring
- After-coolers on all pumps
- Fitted air filter & regulator (regulator only on 50lt model)
- Air receivers to CE standard 87/404
- Automatic stop start pressure switches with soft start valves
- Aerodynamically-moulded belt guard

PART NO.	RECEIVER SIZE	MAX. PRESS	PISTON DISP.	FREE AIR DEL.	MOTOR	DIMENSIONS	NET WEIGHT
	ltr.	bar	cfm	cfm.	HP/kW	L X W X H cm	kg

3/50BP	50	9	13.0	9.2	3.0/2.2	80 x 40 x 79	57
3/150BP	150	9	13.0	9.2	3.0/2.2	132 x 45 x 92	85

Compressors

Belt Driven Static

ARIA STATIC

A powerful range of the single and three phase compressors. With single phase versions that can be run off a 230 volt 13amp electrical plug. Ideal for the contractor who only has a single phase 230 volt electrical supply.

- All pumps are fitted with cast iron cylinder liners
- Hardened steel crankshafts
- Full-sized aluminium pistons with two compression rings and one oil scraper ring
- After-coolers on all pumps
- Air receivers to CE standard 87/404
- Automatic stop start pressure switches with soft-start valves
- A well balanced four-legged air receiver
- Aerodynamically-moulded belt guard

PART NO.	RECEIVER SIZE	MAX. PRES	PISTON DISP.	FREE AIR DEL.	MOTOR	DIMENSIONS	NET WEIGHT	PHASE
	ltr.	bar	cfm	cfm.	HP/kW	L X W X H cm	kg
